# VALLEY TRANSIT

REGIONAL PUBLIC TRANSPORTATION, INC.

**883-7747**

*ANYONE CAN RIDE THE BUS!*

*EVERYONE SHOULD!*

Valley Transit provides public transportation within the city limits of Moscow. Valley Transit's "Dial-a-Ride" system combines the services of a bus and a taxi: riders call in advance to schedule rides and are picked up at the curb of their home and taken to the curb of their destination. Door-to-Door service is available upon request. Riders are scheduled in groups wherever possible to efficiently provide as many rides as possible to the community.

- We offer ADA accessible service to persons with disabilities, including persons using wheelchairs.
- Advance scheduling helps! Riders are encouraged to schedule their rides in advance, up to two weeks.
- 24 hour advance notice is required. Valley Transit is not always able to accommodate all requests due to high demand for our services.
- Office hours for scheduling transportation are 6:00 a.m. to 6:00 p.m., M-F. To cancel a ride, call anytime and leave a message.
- Service is available from 7:00 a.m. (first pick-up) to 5:00 p.m. (last drop-off), M-F.
- Fares: \$1.50 one-way, passes are available for \$30.00 for 30 trips. (good for three months from date of purchase)
- We do our best to respond to changing schedules; however due to the high demand for our services, we are not always able to change pick up or drop off times on short notice.
- Questions? Call 883-7747 for more information.
