

2017 Market Poster by Laura Marie McGreevy

Almost Done!

by Daniel Stewart, Farmers Market Manager

As the 2017 Moscow Farmers Market Season comes to a close, we start to reflect on this year and look forward to next. I would love to capture memories from this year. If you have any to share (maybe you had a goofy shopper or decided to be a goof yourself) we'd like to hear it! Just write up your anecdote and email it to dstewart@ci.moscow.id.us, we'll feature your story on the Market's Facebook page during the off season to help keep everyone warm through the winter and looking forward to next year. Thank you all for another great year.

If you use a vendor that is approved to accept WIC and SFMNP benefits, please remember to post your signage.

University of Idaho CALS is located next to the City Tent in Friendship Square and is continuing great programming and education within the market. Please take a look at the reminders and check for the important upcoming dates.

Market shoppers can use EBT or SNAP benefits, just check in with Backyard Harvest at the City Tent.

The market is now accepting State of Washington benefit checks from WIC and SENIOR FARMERS MARKET NUTRITION PROGRAM (SFMNP).

A big thanks again to everyone in the market (the vendors, city staff and volunteers) and our downtown businesses who have made this market a staple in our community.

Events & More

by Jenine Estlick, AmeriCorps Volunteer Coordinator

Only two markets remain for the 2017 season! With that being said, events are starting to slow down. This week UI Chess Club will have Chess at the Market from 8:00am to 12:00pm. They will have a tent with tables hosting a few board chess games and (weather permitting) our giant game of chess set up in Friendship Square.

Eat Smart Idaho will be tabling by the bus stop from 9:00 a.m. to 12:00 p.m. Eat Smart Idaho is through the University of Idaho Extension in the College of Agricultural and Life Sciences that provides nutrition and physical activity education to low-income individuals and families throughout Idaho. Stop by their table to pick up a new recipe to try this fall season!

Additionally, a big thanks goes out to all the Commissions that have taken the time to host a table at the Market and share their message with the public.

- Pathways Commission
- Historic Preservation Commission
- Sustainable Environment Commission
- Tree Commission
- Park and Recreation Commission
- Human Rights Commission
- Moscow Arts Commission
- Fair and Affordable Housing Commission

WE THANK YOU!

Market Music and More

by Zack Ellis, Sound Tech

Join us each week at 9:30 and 11 A.M. in Friendship Square for big bands, blues groups, dance troupes, and more!

UI Brass Ensembles – These ensembles from the University of Idaho’s Lionel Hampton School of Music showcase their students’ talent, musicianship, and breadth of repertoire.

John Firshi plays acoustic originals and improvisational loop jams drawing influences from blues, jazz, rock, reggae, Latin, folk, country, and pop. John has been performing his unique style of eclectic music around the Northwest for 10 years and has a very wide range of influences. He has been part of many diverse projects and has recorded with other northwest artists. John has drawn from his experience as a supporting musician to develop his own style of original music.

Charity School of Dance will be performing a brief dance number around noon.
