Action Items

1. Selection Of Committee Chair And Vice Chair (ACTION ITEM)

2. Approval Of Administrative Committee December 10, 2018 Minutes (ACTION ITEM) – Laurie M. Hopkins

Documents:

ADMINISTRATIVE COMMITTEE 12-10-19 MINUTES.PDF

3. Public Meeting - Proposed Lot Division At 433 Southview Avenue (ACTION ITEM) - Leah Carlson

Nils Peterson and the Moscow Affordable Housing Trust are requesting a lot division for a 9,247 square foot parcel of land located at 334 Southview Avenue in the City of Moscow. The owner proposes to establish three townhouse lots of approximately 3,258 sf, 2,591 sf, and 3,398 sf from the original parcel. The subject property is located within the Medium Density (R-3) Zoning District. The minimum lot size for a townhouse lot in the R-3 Zoning District is 2,000 sf and the minimum lot width is 20 feet. The three proposed lots are sufficiently sized to meet these requirements. Property owners within 600 feet of the subject property have been notified of the proposed division and notice of the public meeting was posted on site seven (7) days prior to the public meeting date.

PROPOSED ACTIONS: Take public comment if applicable and recommend approval of the lot division request with no conditions; or recommend approval of the lot division request with conditions; or recommend denial of the lot division request; or provide staff further direction.

Documents:

PUBLIC MEETING FOR LOT DIVISION 433 SOUTHVIEW AVE.PDF

4. Alcohol Resolution For City-Sponsored Events In City Hall (ACTION ITEM) - Jen Pfiffner

The Moscow Farmers Market has been an active sponsor of Love Your Farmer, Love Your Food and was the initiator of the original event in 2015.
The event’s intention is to provide an opportunity for community members to engage with local producers and their regional food system during the Market’s off-season. The event has continued to be a collaborative partnership with other local food entities including Moscow Food Co-op, University of Idaho-Extension, Rural Roots, and the Palouse-Clearwater Food Coalition. The Moscow Farmers Market is interested in holding the event at City Hall in Council Chambers on Wednesday, February 20, 2019 from 6:00 to 8:00 p.m. and would like to feature a no-host bar from Moscow Brewing Company to accompany the light appetizers provided by the Moscow Food Co-op. Currently, the only City entity allowed to feature a no-host bar in City Hall is the Arts Department during Third Street Gallery art openings. The Moscow Farmers Market, as part of the Community Events Division would like to propose broadening the scope of Resolution No. 2010-04 to allow other City Departments to pursue having a no-host bar in City Hall and the Third Street Gallery. This flexibility would provide additional options for other events hosted at City Hall such as executive socials, Commission Fairs and the like.

PROPOSED ACTIONS: Recommend approval of the proposed resolution or provide staff further direction.

ALCOHOL RESOLUTION FOR CITY EVENTS.PDF

5. Amendment To Comprehensive Sanitation System Master Plan Services Agreement (ACTION ITEM) - Tim Davis

The Sanitation Department procured the services of Great West Engineering, Boise, Idaho, for the development of a Comprehensive Sanitation System Master Plan (CSSMP) on February 26, 2018. The CSSMP process concluded with a City Council workshop presentation on October 28, 2018. One of the primary focuses of the CSSMP was the assessment of the condition and level of service provided at the existing Moscow Recycling Center (MRC). The evaluation was predicated on: 1.) potentially relocating MRC to a different location; 2.) relocating the baling/processing component of MRC to the Latah Sanitation, Inc. Solid Waste Processing Facility east of Moscow on highway 8; 3.) providing the City an opportunity to improve on services, safety and accessibility of MRC and yard waste facility. Based on the CSSMP and discussions at the City Council workshop, staff understood the direction to be to explore integrating prototypical conceptual facility designs developed by Great West Engineering to the existing MRC site. This will likely require relocation of the MRC baling/processing building. Staff has requested that Great West Engineering submit an amendment proposal to the CSSMP Agreement to perform preliminary design at the MRC for City Council consideration. The preliminary design will develop up to two schematic layout designs for the MRC and yard waste site for future City Council consideration of a preferred alternative. The project is estimated to take approximately four months to complete and the cost of the proposed amendment is $35,713.

PROPOSED ACTIONS: Recommend approval of the proposed Amendment to the Comprehensive Sanitation System Master Plan with Great West Engineering; or provide staff further direction.
6. Request To Dispose Of Surplus SCBA And Extrication Equipment (ACTION ITEM) - Brian Nickerson

The Moscow Fire Department purchased 40 new self-contained breathing apparatus (SCBA) in FY2018. This purchase included 8 SCBAs which were funded through FEMA grant. The new SCBAs replaced 32 units which were nearing mandatory replacement, but still had useful life. During the FY2018 budget process, it was determined that the City would surplus and try to sell the 32 replaced SCBAs. 16 SCBAs have been sold, leaving a balance of 16 yet to sell. Four of the SCBAs will be transferred to the Water Department, to replace obsolete equipment. The Fire Department has also been contacted by Big Canyon Fire District, located in Peck, Idaho. Big Canyon Fire District has no SCBA equipment and have a limited budget. Big Canyon Fire District has asked the City to consider donating 12 SCBAs to their District.

In addition, the Fire Department recently replaced their outdated hydraulic extrication equipment with state-of-the-art electric equipment. The vendor of the new equipment would not take the outdated hydraulic extrication equipment on trade, indicating that it had no resale value. Big Canyon Fire District has no extrication equipment, and would like to utilize the surplus hydraulic extrication equipment.

PROPOSED ACTIONS: Recommend authorization to transfer 12 SCBAs and hydraulic extrication equipment to Big Canyon Fire District without compensation, or provide staff further direction.

7. Proposed Adjustment For POST Academy Attendance (ACTION ITEM) - Gary J. Riedner

Recently it has come to the attention of City management that Moscow Police Officers attending POST academy are/were required to attend training activities which extended beyond 40 hours in a work week. The United States Department of Labor Fair Labor Standards Act (FLSA) requires that time worked by non-exempt employees in excess of 40 hours per week must be compensated at one and one-half times the employee’s hourly rate of pay. In the past, Moscow Police Officers attending POST were paid their regular hourly wage for 40 hours per week. Time in excess of 40 hours was not compensated, likely because attendance at POST was considered an “apprenticeship” as defined by the FLSA, and therefore not subject to the 40-hour regulation. After inquiry, review of the program was conducted by the City Attorney, who concluded that the POST program does not meet the FLSA requirements for an apprenticeship. The accompanying memo from the City Supervisor outlines the proposed resolution to adjust affected police officers’ pay to compensate them for the overtime incurred.

PROPOSED ACTIONS: Recommend adjustment of affected police officers’ pay pursuant to the attached memo to compensate them for the overtime incurred while attending POST academy or provide staff further direction.
Documents:

POST ACADEMY ATTENDANCE ADJUSTMENT.PDF

NOTICE: Moscow City Council and committee meetings are televised, videotaped and/or recorded. Individuals attending the meeting who require special assistance to accommodate physical, hearing, or other impairments, please contact the City Clerk, at (208) 883-7015 or TDD 883-7019, as soon as possible so that arrangements may be made.
The meeting was called to order at 3:00 PM

PRESENT: Gina Taruscio Chair, Jim Boland Councilmember, Brandy Sullivan Councilmember

ABSENT: Art Bettge Councilmember (Excused), Anne Zabala Councilmember (Excused)

OTHERS: Mayor Bill Lambert

STAFF: Gary J. Riedner, Nate Suhr, James Fry, Megan Cherry, Jen Pfiffner, Bill Belknap, Ty Thompson, Kyle Steele, Laurie M. Hopkins

1. Approval of Administrative Committee November 26, 2018 Minutes – Laurie M. Hopkins

RESULT: ACCEPTED [UNANIMOUS]

AYES: Gina Taruscio, Jim Boland, Brandy Sullivan

EXCUSED: Art Bettge, Anne Zabala

2. City of Lewiston Agreement with City of Moscow - Shooting Range - James Fry

The Moscow Police Department upholds high standards for firearms training and skills and maintains firearm qualifications for our officers. In addition to officer qualifications and practice, the Department’s special response team conducts firearm training once a month. The shooting range owned by the City of Moscow can be inaccessible during the winter months due to snow conditions. The City of Lewiston owns an outdoor shooting range which is accessible most months due to its milder climate. The use of the City of Lewiston shooting range would provide training options for Moscow Police Department officers when the Department’s range is closed due to inclement weather conditions. There is no cost to the City of Moscow for use of the City of Lewiston’s range. The Moscow Police Department is requesting the City of Moscow enter into an agreement with the City of Lewiston to enable police department officers to utilize the City of Lewiston’s shooting range on an as-needed basis. This was reviewed and recommended for approval by the Administrative Committee on December 10, 2018.

ACTION: Approve the Agreement between the City of Lewiston and the City of Moscow to allow use of the City of Lewiston’s shooting range.

Fry introduced the item as written above. Having no questions, the Committee recommended approval and that it be placed on the Council consent agenda.

RESULT: RECOMMENDED TO COUNCIL CONSENT [UNANIMOUS]

AYES: Gina Taruscio, Jim Boland, Brandy Sullivan

EXCUSED: Art Bettge, Anne Zabala

3. FY20 Cooperative Agreement ADA Ramp - Alisa Anderson

The Idaho Transportation Department (ITD) hosts a state-administered funding program to address non-compliant pedestrian curb ramps on the State Highway System. In March of 2018 the City submitted a funding request to ITD to construct three (3) ADA pedestrian curb ramps. The City has received a Cooperative Agreement for one (1) curb ramp located on the SE corner of Third and...
Jackson Streets with an award amount of $32,000. This was reviewed and recommended for approval by the Administrative Committee on December 10, 2018.

**ACTION:** Approve the Cooperative Agreement for Project No. A022(091), FY20 Moscow 1 ADA Ramp, Latah County, Key No. 22091 and corresponding Resolution.

Suhr presented photos of the area, including the upgrades completed in 2018 which included compliant sidewalk, tree grates, lighting and decorative pavers. No match is required except City design. The Committee recommended approval and that it be placed on the Council consent agenda.

**RESULT:** RECOMMENDED TO COUNCIL CONSENT [UNANIMOUS]

**AYES:** Gina Taruscio, Jim Boland, Brandy Sullivan

**EXCUSED:** Art Bettge, Anne Zabala

4. **Idaho Commission on the Arts Grant Application - Jen Pfiffner**

The Idaho Commission on the Arts (ICA) Entry Track Grant is an annual opportunity designed to support public programs in the arts delivered by Idaho’s arts organizations. The National Endowment for the Arts is the federal agency that provides funding that is administered by ICA. Grant awards are based on a formula that considers the panel review assessment, fiscal size of the organization, and past Commission funding. If awarded, funds would be used to support the public art project slated for the C and Main Street location as outlined in the Moscow Public Art Master Plan and the as approved by the Moscow City Council.

The City of Moscow has applied and received this grant for several consecutive years. The current cycle requires an application due on January 31, 2019. Awards are anticipated to be announced in June of 2019 with 90% of the award amount funded in July of 2019.

This was reviewed and recommended for approval by the Administrative Committee on December 10, 2018.

**ACTION:** Approve application for the Idaho Commission on the Arts (ICA) Entry Track Grant program.

Pfiffner introduced Megan Cherry, the City’s new Arts Manager. She introduced the item as written above. The grant asks for specifics on the project but is flexible if opportunities come up during the grant cycle. The Committee recommended approval and that it be placed on the Council consent agenda.

**RESULT:** RECOMMENDED TO COUNCIL CONSENT [UNANIMOUS]

**AYES:** Gina Taruscio, Jim Boland, Brandy Sullivan

**EXCUSED:** Art Bettge, Anne Zabala

5. **Proposed Climate Change and Carbon Fee Resolution (ACTION ITEM) - Gary J. Riedner**

The City of Moscow Sustainable Environment Commission (SEC) has proposed that the City Council adopt a resolution urging the United States Congress to enact a revenue neutral carbon fee and dividend policy in order to address climate change and the role of carbon emissions contributing to climate change. A copy of the proposed Resolution is attached. This was reviewed and recommended for approval by the Administrative Committee on December 10, 2018.

**PROPOSED ACTIONS:** Adopt the resolution; reject the resolution or take other action deemed appropriate.

Riedner introduced the item and invited Steve McGeehan and Mac Cantrell to the table. McGeehan said the Sustainable Environment Commission has been discussing this since February when the Citizens
Climate Lobby (CCL) presented to the SEC. In mid-November a bipartisan group of law makers proposed a bill in Congress to look at revenue neutral carbon divided approach.

Cantrell said this resolution is asking Congress to take an action to curb climate change and pollution. Do any program to put a price on carbon that would have the money come back to every household. This bill has been worked on for 10 years. Quite a few cities across America has also passed resolutions. Cantrell feels we need fossil fuels but also need to adjust away from them that will allow industries to adjust as it proceeds.

Mayor Lambert said Mary Dupree and Cantrell visited him a couple times and thought a letter may be the way but the more the Mayor researched he thought a resolution was more appropriate.

Sullivan commented this is a natural extension as to what the City has already committed to by reducing the City’s carbon footprint, increasing sustainability, etc. She feels this makes sense being the next step. Taruscio feels this resolution says what our community believes.

The Committee recommend approval to the full council.

MOSCOW CITY COUNCIL AGENDA
Meeting Date: 01/14/2019
Title: Public Meeting - Proposed Lot Division at 433 Southview Avenue
Responsible Staff: Leah Carlson

**Information**

**DESCRIPTION:** Nils Peterson and the Moscow Affordable Housing Trust are requesting a lot division for a 9,247 square foot parcel of land located at 334 Southview Avenue in the City of Moscow. The owner proposes to establish three townhouse lots of approximately 3,258 sf, 2,591 sf, and 3,398 sf from the original parcel. The subject property is located within the Medium Density (R-3) Zoning District. The minimum lot size for a townhouse lot in the R-3 Zoning District is 2,000 sf and the minimum lot width is 20 feet. The three proposed lots are sufficiently sized to meet these requirements. Property owners within 600 feet of the subject property have been notified of the proposed division and notice of the public meeting was posted on site seven (7) days prior to the public meeting date.

**STAFF RECOMMENDATION:** Take public comment if applicable and recommend approval of the lot division request with no conditions.

**PROPOSED ACTIONS:** Take public comment if applicable and recommend approval of the lot division request with no conditions; or recommend approval of the lot division request with conditions; or recommend denial of the lot division request; or provide staff further direction.

Re: Lot 2, Block 3 Indian Hills 9th Addition Lot Division

Dear Mayor Lambert and City Council:

Nils Peterson and the Affordable Housing Trust are requesting a lot division of Lot 2, Block 3 Indian Hills 9th Addition. The existing lot is zoned R3 and would be divided into three townhouse lots.

The existing lot is 9,247 square feet. The proposed lots are:
Parcel A – 3,258 SF
Parcel B – 2,591 SF
Parcel C – 3,398 SF

Attached are the following:
1. Existing Recorded Plat
2. Proposed Record of Survey
3. Proposed legal descriptions

Please do not hesitate to contact me if you have questions regarding the lot division request.

Sincerely,

Scott Becker, PE
Principal
Hodge and Associates Inc.

RESOLUTION NO. 2019 -

A RESOLUTION OF THE CITY OF MOSCOW, A MUNICIPAL CORPORATION OF THE STATE OF IDAHO, TO ALLOW FOR THE TEMPORARY VENDING OR DISPENSING OF BEER AND/OR WINE IN CITY HALL UNDER SPECIFIC REGULATIONS AND UNDER CERTAIN LIMITED CONDITIONS PURSUANT TO MOSCOW CITY CODE SECTIONS 9-8-17 AND 9-6-35; PROVIDING THIS RESOLUTION TO BE EFFECTIVE UPON ITS PASSAGE AND APPROVAL.

WHEREAS, Moscow City Code Sections 9-8-17 and 9-6-35 prohibit the possession of wine or beer while present in City buildings, except in accordance with specific regulations adopted by Council by Resolution; and

WHEREAS, City Hall in Moscow is a City building which also houses the Third Street Gallery; and

WHEREAS, events are sponsored by City Departments, Committees, Commissions, and programs, and are intended to promote family and community fellowship, education, and appreciation of art and culture; and

WHEREAS, City-sponsored community events (hereinafter “the Permitted Events”) hosted in City Hall and the Third Street Gallery historically have offered a no-host bar during the Permitted Events, pursuant to Resolution No. 2010-04; and

WHEREAS, Council wishes to allow for the vending, distribution, and responsible consumption of beer and/or wine under certain conditions, contained herein and during the limited hours of the Permitted Events in City Hall; and

WHEREAS, Council wishes that the sale and/or consumption of liquor be prohibited during the Permitted Events; and

WHEREAS, Council wishes to delegate the decision to the City Supervisor to offer a no-host bar during the Permitted Events in accordance with this Resolution; and

WHEREAS, Council believes the regulations contained herein are appropriate; and

WHEREAS, Council believes that the specific regulations contained herein balance health and safety concerns of citizens with the desire to promote responsible use of beer and wine; and

WHEREAS, nothing contained in this Resolution is intended to waive other laws and regulations applicable to the sale and consumption of alcohol (including beer and wine) within City limits; and
WHEREAS, nothing contained within this Resolution is intended to endorse or support any particular belief, philosophy, or political position of the Event Sponsor or of the Permitted Events, and/or its affiliates, associations, contributors, supporters, participants, etc.;

NOW, THEREFORE, BE IT RESOLVED by the Mayor and City Council of the City of Moscow, Idaho as follows:

SPECIFIC REGULATIONS ON THE SALE AND/OR CONSUMPTION OF BEER AND/OR WINE DURING THE PERMITTED EVENTS:

Intent:
This Resolution is intended to allow the sale, distribution and consumption of beer and wine only (and not liquor), pursuant to these specific regulations and is not intended to amend or expand the Moscow City Code or any other applicable law or regulation beyond the scope of the particulars of this Resolution or beyond the hours of the Permitted Events. Other than as specifically provided herein, park, sanitary, health, litter, police, fire, sidewalk café, alcohol vending, and other laws and regulations shall be unaffected by this Resolution. This Resolution shall not establish precedent nor shall it apply to any event other than the Permitted Events.

Liability, Insurance and Safety:
1. No less than ten (10) days prior to each Third Street Gallery Art opening at which a licensed vendor will sell beer and/or wine, the City Clerk shall confirm that the City of Moscow, Idaho has current, paid up, liability insurance in an amount not less than the minimum amount specified in the Idaho Tort Claims Act.
2. The Moscow Police Chief or designee is hereby empowered to order the immediate cessation of all activities allowed under this Resolution at any time he/she reasonably determines that it is in the best interest of City to do so. There shall be no appeal from a determination by the Moscow Police Chief or his/her designee to terminate all or part of the Permitted Events.

Vendor:
1. There shall be only one (1) licensed vendor of beer and/or wine at each Permitted Event;
2. All beer and/or wine shall be sold only by a licensed vendor;
3. Every licensed vendor shall comply with all alcohol related laws and regulations, including, but not limited to, the City requirement of a catering permit;
4. The name, address, telephone number, alcohol license permit number of every licensed vendor, and proof of insurance covering the vendor’s activities (as required herein) shall be provided to the City Clerk no less than ten (10) days prior to each of the Permitted Events at which such licensed vendor shall sell alcoholic beverages;
5. The vendor shall provide at least one (1) person to check proper identification for those who shall be sold beer and/or wine during each of the Permitted Events. This person shall be clearly identified and shall be stationed at the designated sales/dispensing area and no more than ten feet (10’) from any sales or dispensing counter;
Sales and Consumption:

1. No less than ten (10) days prior to each of the Permitted Events at which the licensed vendor will sell beer and/or wine, the City Arts Program Manager or Community Events Manager shall deliver to the City Clerk a site map which shall be drawn to show the location of the dispensing area, consumption area, entry and exit points; and food sales and service areas. Said site design and any subsequent alterations shall be approved in writing by Moscow City Parks and Recreation Director or his/her designee, and by the Moscow Chief of Police prior to each of the Permitted Events.

2. All beer and/or wine sales shall take place only within the designated sales area as shown on the site map required by this Resolution;

3. No person shall be allowed to purchase, consume or possess beer and/or wine other than within the area designated for beer and/or wine sales and consumption, as shown on the map required by this Resolution;

4. Beer and/or wine shall be sold only within the designated sales area between the hours of 5:00 p.m. and 8:00 p.m. during the Permitted Events;

5. Beer and/or wine shall only be consumed in the designated area within City Hall;

6. All beer and/or wine shall be consumed from a readily identifiable container not more than sixteen ounces (16 oz.) in size which shall not bear a logo for a non-alcoholic beverage;

7. Every occupant within the areas designated for beer and/or wine consumption shall provide identification to law enforcement officers or City employees or City representatives/agents who request it.

8. A sign shall be prominently posted at or near the entrance and exit to each area designated for beer and/or wine sales or consumption stating that consumption or possession of alcohol outside of such designated area is not lawful.

9. No person shall carry or consume an alcoholic beverage within City Hall which is not purchased or dispensed from the licensed vendor at the Permitted Events and consumed within the approved consumption area. Consumption of alcohol outside of the approved consumption area shall be considered a violation of the City’s open container ordinance.

PASSED AND APPROVED by the Mayor of the City of Moscow, Idaho, this _____ day of ____________, 2019.

________________________________________
Bill Lambert, Mayor

ATTEST:

___________________________
Laurie M. Hopkins, City Clerk
DESCRIPTION: The Sanitation Department procured the services of Great West Engineering, Boise, Idaho, for the development of a Comprehensive Sanitation System Master Plan (CSSMP) on February 26, 2018. The CSSMP process concluded with a City Council workshop presentation on October 28, 2018. One of the primary focuses of the CSSMP was the assessment of the condition and level of service provided at the existing Moscow Recycling Center (MRC). The evaluation was predicated on: 1.) potentially relocating MRC to a different location; 2.) relocating the baling/processing component of MRC to the Latah Sanitation, Inc. Solid Waste Processing Facility east of Moscow on highway 8; 3.) providing the City an opportunity to improve on services, safety and accessibility of MRC and yard waste facility. Based on the CSSMP and discussions at the City Council workshop, staff understood the direction to be to explore integrating prototypical conceptual facility designs developed by Great West Engineering to the existing MRC site. This will likely require relocation of the MRC baling/processing building. Staff has requested that Great West Engineering submit an amendment proposal to the CSSMP Agreement to perform preliminary design at the MRC for City Council consideration. The preliminary design will develop up to two schematic layout designs for the MRC and yard waste site for future City Council consideration of a preferred alternative. The project is estimated to take approximately four months to complete and the cost of the proposed amendment is $35,713.

STAFF RECOMMENDATION: Recommend approval of the proposed Amendment to the Comprehensive Sanitation System Master Plan with Great West Engineering.

PROPOSED ACTIONS: Recommend approval of the proposed Amendment to the Comprehensive Sanitation System Master Plan with Great West Engineering; or provide staff further direction.

Necessary Resources/Impacts
Sanitation Fund and staff time.

MEMORANDUM

To: Mayor and City Council
From: Tim Davis, Sanitation Manager
cc: Gary J. Riedner, City Supervisor, Jen Pfiffner, Assistant City Supervisor
Date: January 7, 2018
Re: Sanitation Comprehensive Master Plan Workshop Recap

As a follow-up to the City Council Sanitation Master Planning Workshop, which was held on October 29, 2018, I am providing the following bullet points to recap the status of the Sanitation Master Planning effort, and to provide background for Council consideration of Exhibit A-Scope of Services Amendment No. 1 to the Sanitation System Master Planning Services for Recycling Center Improvements – Preliminary Design with Great West Engineering.

- The Sanitation Comprehensive Master Plan (SCMP) and prior Strategic Plans (SP) have identified insufficient expansion capacity at the City of Moscow Recycling Center (Recycling Center) site.
- The SCMP and prior SP also identified public safety concerns at the Recycling Center public recycling/yard waste drop-off areas. Warehouse size and dry storage of baled recycling materials were also identified as inadequate.
- SCMP public surveys indicated that survey respondents overwhelmingly desired the recycling center/yard waste facility to remain within the Moscow city limits.
- The SCMP consultant, Great West Engineering, presented two prototypical recycling facility layout concepts (3 acre and 2.5 acre). Finding sufficiently sized property, reasonably located and within the city limits has proven difficult.
- Relocating the processing/baling portion of the Recycling Center to the current Solid Waste Processing Facility (SWPF), operated by Latah Sanitation, will free up additional space at the current Recycling Center site and allow the City to make needed improvements, enhance safety, increase capacity and apply some of the SCMP prototypical layout designs at the current site.
- If the processing/baling operations were relocated to the SWPF, approximately 60% of current recycling volumes could then be diverted directly to the relocated processing/baling facility. The current processing/baling facility building could potentially be repurposed at a different location.
- At the workshop, City Council asked at the workshop if the prototypical concepts could be applied at the existing 1.7 acre site. Great West indicated that indeed they could. Based on the findings of the SCMP, City Council consensus indicated a desire to keep the Recycling Center in the current location, if the site could accommodate the use.
EXHIBIT “A” – SCOPE OF SERVICES
CITY OF MOSCOW
AMENDMENT NO. 1 TO THE SANITATION SYSTEM PLANNING SERVICES FOR
RECYCLING CENTER IMPROVEMENTS - PRELIMINARY DESIGN

This Amendment is to add two (2) new tasks to the existing contract for the Sanitation System Planning Services project (hereinafter “Project”), to prepare a preliminary design for improving the Moscow Recycling Center (hereinafter “MRC”).

The City of Moscow (hereinafter “City”) desires to relocate the recycling processing/baling components of the MRC to LSI’s Solid Waste Processing Facility location while retaining the collection and service components of the MRC. This will require removing the existing building and storage covers and improving the property to create better traffic flow, enhance safety, and increase [MRC’s] capacity for managing recyclables and green waste.

Task 1 – Project Management and Coordination

Description: Task 1 consists of a Project kickoff meeting and management of technical and administrative aspects of the Project, including monitoring of Project scope, schedule, deliverables, and budget throughout the duration of the Project. Great West Engineering (hereinafter “Great West”) will work closely and collaboratively with City’s Project Manager, provide monthly progress reports, and inform City of Project developments. Great West will provide information concerning progress of the Project, and/or impediments encountered, emerging issues, and information flow requirements occurring between Project participants. Formal communications and interactions between City and Great West will occur in the form of written communications, phone calls, and meetings.

Decisions and action items that are a result of verbal communications will be documented in writing (memorandum or email) and provided to City for review and concurrence. The Project Team will prepare draft materials and deliver them for timely review. Whenever it is appropriate and possible, the Parties will use electronic transmission to decrease waste and expedite the Project schedule. These materials will include revisions based on staff and Advisory group input.

Great West will participate in a Project kickoff meeting with City’s Project Manager via a video conference or teleconference call. The purpose of the kickoff meeting is to (re-) introduce the team; establish protocols for the exchange of information and the resolution of issues that may arise during the course of the engagement; review the scope, schedule and budget; and revisit and review Project goals. A data-needs letter will be prepared in advance of the kickoff meeting and amended after the meeting, if additional data/information is identified.

Task 1 Subtasks/Deliverables.

- 1.1. Project Kickoff Meeting Agenda and Meeting Notes – documents to be prepared to plan and document the kickoff meeting.
- 1.2. Data Needs Letter/Data Gathering – a letter will be prepared following the kickoff meeting, if needed, that lists the data and information that is required for the Project.
• **1.3. Various Project Management Communications** – emails, communication logs, meeting agendas and notes.

• **1.4. Monthly Progress Reports and Invoices** – progress summary letters, for work accomplished during the billing period, and invoices will be submitted to City on a monthly basis.

**Task 1 Assumptions.**
- Project duration (from contract execution to Project closeout) is four (4) months. See Project Timeline (Exhibit “B”).
- The Project kickoff meeting will be conducted via video conference or teleconference call with Great West’s Project Manager (Travis Pyle) and Lead Civil Engineer (Michelle Langdon), and City’s Project Manager.
- City will provide data/information, and review Project deliverables in a timely manner as to not delay the Project schedule. Data needs may require City to coordinate with past consultant(s) to request necessary information.
- Monthly Project management (milestone) meetings will be held by phone call between Great West Project Manager (Travis Pyle) and City’s Project Manager (Tim Davis). Assumes up to a one (1) hour call per month.

**Task 2 – MRC Improvements Preliminary Design.**

**Description.** Task 2 consists of creating up to two (2) schematic layout designs for repurposing and improving the existing MRC, including adding new building(s), z-walls for recyclables drop off and green waste drop off, a compost pick-up area, and improving traffic flow patterns, site access, and queueing space. The preferred alternative will then be advanced to the preliminary design level.

**Task 2 Subtasks/Deliverables.**
- **2.1. Alternative Improvements Assessment Memorandum** – This technical memorandum will document the assumptions and design basis for the two (2) schematic layout concepts for improving and repurposing the MRC. The memorandum will include advantages and disadvantages for each option and the decision points for selecting the preferred alternative. Rough order of magnitude costs will be developed at this level for relative cost comparisons of the two (2) options.
- **2.2. Preliminary Design Summary Memorandum** – This technical memorandum will summarize the design basis for the preferred alternative that is selected as part of Subtask 2.1. Preliminary design drawings will accompany the memorandum showing plans, sections and elevations. A preliminary-level cost estimate will also be included.

**Task 2 Assumptions.**
- Up to two (2) schematic-level design concepts of the MRC improvements.
- City will provide all required survey, utility locates, and mapping.
- No geotechnical or architectural services are included.
- City will provide original design plans for existing building that will be removed.
EXHIBIT “B” – SCHEDULE  
CITY OF MOSCOW  
AMENDMENT NO. 1 TO THE SANITATION SYSTEM PLANNING SERVICES FOR RECYCLING CENTER IMPROVEMENTS - PRELIMINARY DESIGN

The following is the estimated milestone schedule for the Project. These dates are subject to change as the Project progresses. Great West will work closely with City to meet deadlines and communicate changes to the schedule as the work progresses.

CITY OF MOSCOW
SANITATION SYSTEM PLANNING SERVICES

The following table summarizes the labor and expenses for each task of the Project. The estimate assumes that services will be performed in 2019. Labor and expenses will be billed on a time-and-materials basis and will not exceed the estimated budget unless prior written authorization is received from City. The fee for these services was estimated using the 2019 Schedule of Billing Rates (attached) assuming all work is performed in 2019, based on the Project Schedule (Exhibit “B”).

MOSCOW CITY COUNCIL AGENDA
Meeting Date: 01/14/2019
Title: Request to Dispose of Surplus SCBA and Extrication Equipment
Responsible Staff: Brian Nickerson

**Information**

**DESCRIPTION:** The Moscow Fire Department purchased 40 new self-contained breathing apparatus (SCBA) in FY2018. This purchase included 8 SCBAs which were funded through FEMA grant. The new SCBAs replaced 32 units which were nearing mandatory replacement, but still had useful life. During the FY2018 budget process, it was determined that the City would surplus and try to sell the 32 replaced SCBAs. 16 SCBAs have been sold, leaving a balance of 16 yet to sell. Four of the SCBAs will be transferred to the Water Department, to replace obsolete equipment. The Fire Department has also been contacted by Big Canyon Fire District, located in Peck, Idaho. Big Canyon Fire District has no SCBA equipment and have a limited budget. Big Canyon Fire District has asked the City to consider donating 12 SCBAs to their District.

In addition, the Fire Department recently replaced their outdated hydraulic extrication equipment with state-of-the-art electric equipment. The vendor of the new equipment would not take the outdated hydraulic extrication equipment on trade, indicating that it had no resale value. Big Canyon Fire District has no extrication equipment, and would like to utilize the surplus hydraulic extrication equipment.

**STAFF RECOMMENDATION:** Recommend authorization to transfer 12 SCBAs and hydraulic extrication equipment to Big Canyon Fire District without compensation.

**PROPOSED ACTIONS:** Recommend authorization to transfer 12 SCBAs and hydraulic extrication equipment to Big Canyon Fire District without compensation, or provide staff further direction.

SCBA Extrication donate update
SCBA surplus memo 0818
MEMO

To: Gary Riedner, City Supervisor
From: Brian R. Nickerson, Fire Chief
Subject: SCBA Surplus
Date: December 17, 2018

We were anticipating receiving approximately $2,200 per SCBA for a total of $74,800. To date we received $32,000 which we sold 16 SCBA’s for $2,000 each which leaves a balance of $42,800.

Currently we have 16 remaining SCBA.

The following recommendation comes with an understanding we will not gain a return on the remaining surplus of SCBA’s as they are serving little purpose in storage.

Re-allocate 4 SCBA to the Water Department  
(Currently they have outdated equipment and need replacement. This will provide adequate replacement for the need.)

Donate remaining 12 SCBA to Big Canyon Fire District
Donate all surpluses of extrication equipment to Big Canyon Fire District.

If you have any questions or have any other thoughts on surplus ideas please let me know.

Please let me know as when word comes we will move these items to the new owners and open our bay space area.

Thank you for this consideration.

MEMO

To: Gary Riedner, City Supervisor
From: Brian R. Nickerson, Fire Chief
Subject: Surplus SCBA (31 packs)
Date: August 7, 2018

Please let this memo serve as a request to surplus the attached listed 31 SCBA’s from the City of Moscow’s assets and to advertise to surplus the equipment. The equipment has been flow tested and all passed so are prepared to surplus.

As discussed during the budget process we believe we possibly can advertise the surplus items for around $2,000 each. I would like to advertise for that price and if someone does offer something less we can consider at that time. We will also need a release of liability which I have been working with Mia on as well for each sale.

My thought is that first they will do us no good storing them here with still nine to ten years remaining on them. Secondly I know there are other organizations in the northwest that lack the funds to purchase even for that cost and less as they operate on very limited budgets. With that being said, would possibly like to have that opportunity to help a volunteer organization that could use a hand if the request is deemed viable.

With the approval of this request I would like to move forward with advertising these for sale in the area and the State of Idaho initially and then Washington and Montana.

We do have a pending sale of 5 packs to Pasco Fire Department in Washington in the amount of $10,000 with your approval.

If you have any questions please feel free to let me know.

Thank you for your continued support of the fire department.

MOSCOW CITY COUNCIL AGENDA

Meeting Date: 01/14/2019
Title: Proposed Adjustment for POST Academy Attendance
Responsible Staff: Gary J. Riedner

**Information**

**DESCRIPTION:** Recently it has come to the attention of City management that Moscow Police Officers attending POST academy are/were required to attend training activities which extended beyond 40 hours in a work week. The United States Department of Labor Fair Labor Standards Act (FLSA) requires that time worked by non-exempt employees in excess of 40 hours per week must be compensated at one and one-half times the employee’s hourly rate of pay. In the past, Moscow Police Officers attending POST were paid their regular hourly wage for 40 hours per week. Time in excess of 40 hours was not compensated, likely because attendance at POST was considered an “apprenticeship” as defined by the FLSA, and therefore not subject to the 40-hour regulation. After inquiry, review of the program was conducted by the City Attorney, who concluded that the POST program does not meet the FLSA requirements for an apprenticeship. The accompanying memo from the City Supervisor outlines the proposed resolution to adjust affected police officers’ pay to compensate them for the overtime incurred.

**STAFF RECOMMENDATION:** Recommend adjustment of affected police officers’ pay pursuant to the attached memo to compensate them for the overtime incurred while attending POST academy.

**PROPOSED ACTIONS:** Recommend adjustment of affected police officers’ pay pursuant to the attached memo to compensate them for the overtime incurred while attending POST academy or provide staff further direction.

**Necessary Resources/Impacts**

<Type your fiscal/personnel/miscellaneous impacts here or N/A>

memo-Mayor&Council;POST attendance 0119
MEMORANDUM

To: Mayor and City Council

From: Gary J. Riedner, City Supervisor

Date: January 10, 2018

Re: Police Officer Standards & Training (POST) Attendance by City of Moscow Police Officers

It has come to our attention that there is and has been, an issue with the manner in which Moscow Police Officers are paid while attending mandatory training at the Police Officer Standards & Training (POST) academy in Meridian, Idaho.

Recently it has come to the attention of City management that Moscow Police Officers attending POST academy are/were required to attend training activities which extended beyond 40 hours in a work week. The United States Department of Labor Fair Labor Standards Act (FLSA) requires that time worked by non-exempt employees in excess of 40 hours per week must be compensated at one and one-half times the employee’s hourly rate of pay.

In the case of Moscow Police Officers attending POST academy, scheduled training is/was mandatory for successful completion of the academy, and attendance at the academy is/was required by the state of Idaho and the City of Moscow for the candidate to become certified as a law enforcement officer.

In the past, Moscow Police Officers attending POST were paid their regular hourly wage for 40 hours per week. Time in excess of 40 hours was not compensated, likely because attendance at POST was considered an “apprenticeship” as defined by the FLSA, and therefore not subject to the 40-hour regulation. After inquiry, review of the program was conducted by the City Attorney, who concluded that the POST program does not meet the FLSA requirements for an apprenticeship.

As an aside, POST has recently changed the format of the academy, and attendees will not be required to attend training beyond 40 hours per week. However, this does not relieve the City of the obligation to our employees to meet both the letter and the spirit of the FLSA.

Because the statute of limitations for an employee to bring an action under the FLSA for unpaid overtime compensation is three years, any Moscow Police Officer who has attended POST academy within the past three years (2015 through 2018) has had her/his compensation adjusted to include any time spent in POST academy training in excess of 40 hours per week paid at one and one-half times her/his regular hourly rate of pay. This includes nine officers and the financial impact is approximately $22,457.

It has been the practice of the City of Moscow to treat its employees with fairness and equality. Although the legal obligation of the City to compensate for this oversight is limited to three years, I would like the Council to consider that every Police Officer who was sent to mandatory POST
academy, regardless of when she/he attended, also was required to attend mandatory training which resulted in hours in excess of 40 hours per week. I would propose that the City adjust the compensation of any police officer still in the employ of the City to include payment of one and one-half times the police officer’s rate of pay for hours spent at POST in excess of 40 hours per week. We have utilized the individual police officer’s rate of pay at the time of her/his attendance at POST academy in calculating the adjustments. This would include 16 additional officers and the additional financial impact is $30,030.

I have met with Finance Director Sarah Banks and determined that because of personnel changes in the Police Department since the beginning of the FY2019 budget, there will likely be sufficient funds already appropriated to fund this proposal. If sufficient funds have not been appropriated, staff will bring any excess over appropriated funds to City Council for approval in the annual open-budget process.

Thank you for your consideration of this proposal.
