Choose **I am not making taxable sales** if you are attending an event and not selling products or related services.

Examples include:

- demonstrating a product
- advertising a service
- multi-level marketing (e.g. Scentsy, Avon, Mary Kay)

NOTE: You will still get a permit that must be displayed during the event.

Choose **I have a regular permit** if you already have a regular seller's permit. You don't need a temporary permit if you already have a regular tax permit.

For example, if you have a sales tax permit and you're selling the same type of product, you don't need a temporary permit. Just include any extra sales when you file your regular tax form.

Choose **I need a temporary permit** if you are selling products or related services and need a Temporary Seller's Permit.
