**SECTION D - SURVEYOR, ENGINEER, OR ARCHITECT CERTIFICATION (CONTINUED)**

Copy both sides of this Elevation Certificate for (1) community official, (2) insurance agent/company, and (3) building owner.

COMMENTS: The proposed finished floor elevation is based upon constructing and addition onto the existing building. The existing building floor is at elevation 2563.1 which is lower than the base flood elevation of 2563.4. This is acceptable since the addition is defined by FEMA as insignificant construction.
