

# THIRD STREET CORRIDOR

## CORRIDOR TRAFFIC DATA

The number of vehicles and their rate of speed is of interest when reviewing potential revisions to a transportation corridor. Along with the Corridor Accident History, the Transportation Commission Subcommittee reviewed traffic quantities and vehicle speeds for the Corridor as part of their consideration of potential traffic calming and safety improvement options.

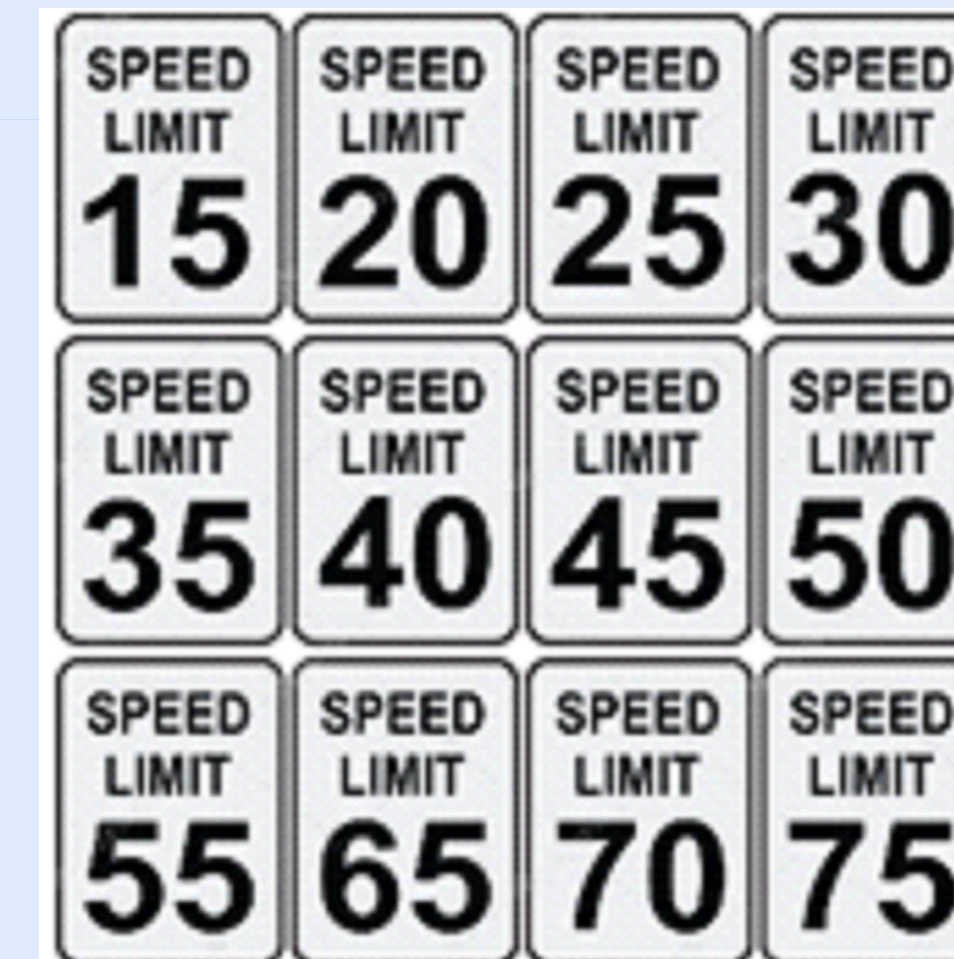

### Corridor Posted Speed Limits

Officially set by the City Council on December 16, 1974 by Ordinance No. 1272

Washington Street to Van Buren Street: 25 MPH

Van Buren Street to Hayes Street: 30 MPH

Hayes Street to end of Third Street: 25 MPH.

### Corridor Traffic Volumes and Speeds

Traffic volume data is collected annually by the City of Moscow at many locations throughout the community. Additional traffic counts are taken at specific locations or in specific corridors to provide supporting information for upcoming projects or ongoing programs. Due to limited resources, not all sites are surveyed every year. The volume information provided here reflects the most recent count taken at each illustrated location. Volumes are average daily totals for the count period (i.e. 3 days, 7 days, etc.). Traffic speeds provided reflect data from a survey completed in the Corridor in October 2017.

Count Location	Traffic Volume (westbound)	Traffic Volume (eastbound)	Total Traffic Volume	85 <sup>th</sup> Percentile Speed (westbound)	85 <sup>th</sup> Percentile Speed (westbound)	Posted Speed Limit
Between Washington Street and Jefferson Street			6,204			25 mph
Between Jefferson Street and Adams Street	1,597	2,146	3,743	31 mph	28 mph	25 mph/15 mph School Zone
Between Van Buren Street and Polk Street				28 mph	29 mph	30 mph
Between Howard Street and Monroe Street			4,604			30 mph
Between Monroe Street and Lincoln Street	2,380	1,810	4,190	31 mph	30 mph	30 mph
Between Lincoln Street and Hayes Street			4,433			30 mph
Between Hayes Street and Garfield Street			1,769			25 mph
Between Garfield Street and Blaine Street	862	1,250	2,112	26 mph	26 mph	25 mph/15 mph School Zone
Between Blaine Street and Grant Street			1,094			25 mph/15 mph School Zone
Between Cleveland Street and Roosevelt Street	142	180	322			25 mph
